

## **The Anointing - Russell Maddock**

Hello again Rev. Davis. I wanted to send what I wrote down shortly after my experience back in Feb 1993. I also want to say what a blessing your website is. My bother and I have never come across anyone who understands and teaches the way you do.

We both come across the Gospel of the Holy Twelve several years ago. We bought many books and gave them to people who seemed to be open to the true teachings of Christ. There is no doubt that God has called you and anointed you for that purpose. Right from the beginning, the Holy Spirit was telling us there was problems with what we knew as Christianity.

For many years, all we had was the King James bible to try and understand why God was telling us they worship Me under false pretenses. But, at that time I did not know what those false pretenses were. So, with that said, I would like to share with you, the experience I had some 21 years ago. The e-mail I sent yesterday was filled with so many miss spelled words, I felt I needed to find what I write down shortly after what took place, and copy it with all the right spelling.

I pray what I feel God has inspired me to do, will go forth and accomplish what God has intended. May God and His Son be praised. This paper I am sitting down to write, is about a supernatural experience that was from the Lord Almighty God. This experience took place in the living room of my home. I will explain it the best way I can in my own words.

Approximately three weeks after I surrendered my life over to Jesus Christ as my Lord and Saviour, the Holy Spirit of God was ministering to my spirit while I was working on my job. God's Spirit was telling me that when I got home, I was to remove all the unclean things that were in my house, and to place them outside of my home. I knew exactly what those things were. I still had in my home, beer bottles, rock and roll albums, marijuana paraphernalia and pornographic magazines. All these things were a part of my life before I made Jesus my Lord. The Lord said it was time to clean house! I knew exactly what I was to do, when I got home from work.

As soon as I got home, I grabbed some paper bags and started filling them up with all the unclean things. Then, I placed all of the bags outside of the house as I was instructed to do. After that was done, I went about my normal routine that one does after a full day of work. With all of this out of the way, I sat down to read the bible. As I was reading the word, God's presence was so very strong. So, I put down the bible to seek the Lord.

In my living room, I had an old bench press that I would use as my altar. But, before I knelt to pray, I turned off all the lights. The house was completely dark, except for the street light coming through the curtains that faced north. I had no idea what was about to happen, because I had been doing this same thing nearly every night sense coming to know the Lord.

When I knelt to pray. The instant my knees touched the floor, I was struck with power from on High, that words can not express, nor explain! The best I can tell you.....It was like being plugged into a wall socket! This supernatural power was so assume. The instant the power struck me, my hands flew straight up, my head was flung back, and my back was arched. The power

from on High, was in me....around me....through me to the point, I thought my body was going to explode from the intense power that was passing through my body.

During all of this, I was in an uncontrollable time of praise and worship of the Lord Jesus Christ. I can remember I could not tell Jesus I loved Him enough!!! The feeling of love was so very strong. That is why at no time was I afraid or alarmed at what was taking place. And, as if this was not enough?? Seconds after it all started, passing in front of me, were two huge beings. I knew they were their, because when they passed in front of the window, they blocked the light. All I could see was their outlines. There was no doubt they were there!

My ceilings are eight foot or more, and they were just as tall. One was about a foot above the other in height. Their shoulders were as wide as a yard stick. I knew this, because as they glided past, they both were facing me, and were very close to one another as well. From what I could tell, they both seem to be wearing gown like clothing, with a sash at their waist. The taller one had what seem to be a tall priest like attire upon his head. And, the other one was wearing what looked like a helmet with a large spike protruding from the top. Sinse they only blocked the light one time, I assumed they only glided around me one time. That was enough to let me know they were there.

Their presence lingered for two hours or more. I was soaking wet with sweat after it was all over. What a wonderfully amazing experience it was. I will never forget it! Even when I awoke the next morning, I could still feel their presence, but not nearly as strong. I was so excited, it was hard to contain myself through the day. I knew God had touched me in a very special way. It all began for me after that wonderful evening. My search for why and what purpose was those two sent? And, who were they??

My brother is going to send you his experience that took place about three months after mine. He too seen the two glide around him as well. When you read about what the Lord showed him, you will understand why I felt what I did within my body. His experience was more visual, mine was more physical. The Lord has told us we are like a coin that has two sides, and yet are one.

To God be All the Glory. Amen and Amen. God bless you Rev. Davis. You are truly doing a great and wonderful work for the Kingdom of God. Your ministry which God has called you to do, has now become my church. Thank you for answering God's calling upon your life. What a blessing it has, and will be to many many people. To the Holy Parent and Son be all the Glory. Amen.
